NOTE FOR THE RECORD

This was discussed with Mr. Bannerman 24 August.
[redacted] attended the DD/P Staff Meeting at which
this item came up, and OTR is on top of it. John Richardson
expects to handle the problem through the Training Selection
Board. There is common agreement, including Mr.
Bannerman's, that it would be inappropriate for senior
officers to be entered in the midcareer program. The
training they desire along the lines comparable to that
offered by the midcareer program should and can be
offered in other ways.
